Note – Your planned benefits and the amounts of your next payments are based on the data currently in your file. Please inform the Centre de service à la clientèle of any change in your situation. If you opted for direct deposit, your benefits will be automatically deposited into your bank account three to four days after the benefit payment date. If you opted for payment by cheque, it will be delivered via Canada Post within their normal timeframe. If you have any debt to the Québec Parental Insurance Plan, an amount will be withheld from your benefit to reimburse the debt. The withholding will be done after the certificate of recovery is delivered.
